

Hey Neighbor,

In light of everything going on with the coronavirus (COVID-19), I just wanted to reach out to you to see if there is any way I could personally help or serve you or someone you know. I'm a part of Countryside Community Church in Sherwood, and I want to provide essential food and hygiene products, as well as personal assistance, to anyone in need. We see this as a concrete way for us to follow Jesus' command in the Bible to "love your neighbor as yourself" (Matthew 22:39).

If there is any way I can assist you, please don't hesitate to reach out to me. We have also moved our worship gatherings online, so you are welcome to join our church on Sunday mornings at 9:00am at www.countrysidechurch.com! Thanks!
